Biography: On May 8, 2005, we lost Tommy in a tragic accident. Tommy was a happy 8 year old boy who loved his family, loved to read and loved baseball. He was a true White Sox fan. Our thoughts have turned to other families that may be going through a similar situation. We, as a foundation, have made it our goal to help others as we had been helped in our time of need. Education was important to Tommy as it is to our Organization, and that is why our scholarships are given to students that are continuing their education.
